## VERDICT OF GUILTY.

Claude Wadlington Given Two  
Years in the Penitentiary.After Five Hours Deliberation the  
Jury Reached an Agreement  
Yesterday Afternoon.

The jury in the case of Claude Wadlington on trial for the killing of W. Parks Wilson at Gracey, Jan. 6, 1898, at 2 o'clock yesterday afternoon returned a verdict of manslaughter, fixing his punishment at two years in the penitentiary.

The argument was concluded at 10 o'clock Wednesday night and the case given to the jury when court convened at 9 o'clock yesterday morning.

After a deliberation of five hours the verdict in the case was returned. The case was called for trial and entered into on Monday, the 9th inst., and occupied eleven days. The court room was crowded throughout the trial, no case of late years having awakened greater interest in the minds of the public.

The counsel for defense will enter a motion and file their reasons for a new trial, probably this morning.

Mr. Wadlington was taken to jail as soon as the verdict was announced.

## HON. J. A. M'KENZIE

Here for a Short Visit to the Family of Col. H. P. Potter.

Hon. James A. McKenzie, of Christian county, but who really belongs to the entire State of Kentucky, is here for a short visit to the family of Col. Hubert P. Potter. Col. McKenzie is a great favorite here and his visits, of late painfully infrequent, are always appreciated. Notwithstanding reports to the contrary he is in excellent health and spirits and looks better than he has looked for years. Although he has been reported blind, lame and halt, he is as erect as ever, his eyes as clear and strong as they can be and his color is as fine as a flute. Col. McKenzie, better known as Quinine Jim is good for many years yet, unless something unforeseen happens to him.—Bowling Green Journal.

Misses Mary Herndon and Flor Gunn and Messrs. Thos. L. Morrow and T. L. Gant spent yesterday in Nashville attending the Street Fair.

## HICKS HIT IT.

Predicted Snow for This Month—  
Colorado Caught It.

Hicks, the weather prophet, in his forecast for October, predicted snow and some stormy weather in the west and for more than a week snow storms of unprecedented severity for this time of the year have been raging in the mountains surrounding Leadville, Colorado. One band of 1,400 sheep and herder with them are lost. Other large flocks have sustained heavy losses and no word has been received from many others known to be still in the mountain pastures.

## FIRST CAR

Of Florida Oranges Shipped North  
From Palmetto.

The first car of oranges from Florida this season were shipped this week to Cincinnati. A good deal of interest attaches to this fact for both fruit dealers and railroad men, as it means the opening of the business between South and North in the fruit that before the freezes of the past few years made Florida famous. While the killing of orange groves has curtailed the crop of Florida oranges, it is still a considerable traffic, and is fast regaining all its lost ground.
